关于我们  
About us

# 家具

---

Our Furniture started from the hardware accessories workshop in Xiqing Industrial Park, Foshan City. At the beginning, we were engaged in production and sales of office chairs, hardware, plastic accessories and other raw materials. Nevertheless, we had a tremendously curious spirit, which lead us to discover fields we never believed possible. After a lot of hardwork, we became a global company, focusing on training seats, because training means helping people to be better, and we want to be part of our user's learning processes.

Even though we have outgrown who we were in the beginning, our restless spirit continues to move on. Whether it is to define new technologies for training seats, enhance the training experience, or foresee new training methods, we are committed to exploring and finding the ideal training space to make ideas become reality. We like to work as a bridge between science and design, finding the balance between people, space and furniture.

# 学校环境

School

教室里的家具对学生学习体验起着关键作用,环境会影响人的学习行为方式,例如:坐具的舒适性直接关系到用户在学习过程中的专注力,不同的坐具布局方式影响用户的学习体验。选择特定环境下的培训家具,我们需要考虑适应性、舒适度、耐用性等不同方面。以下是一些推荐坐具,帮助您构建学校培训空间:

The furniture in a classroom plays a fundamental role in the performance of a student. The environment can affect the way a person learns, for example, the comfortability of a chair is directly related to the concentration capacity of the user.

When deciding on a specific piece of training furniture, we need to think about different aspects like adaptability, comfort and durability. Here are some options to help you think about your own training space in schools.

# 公共环境

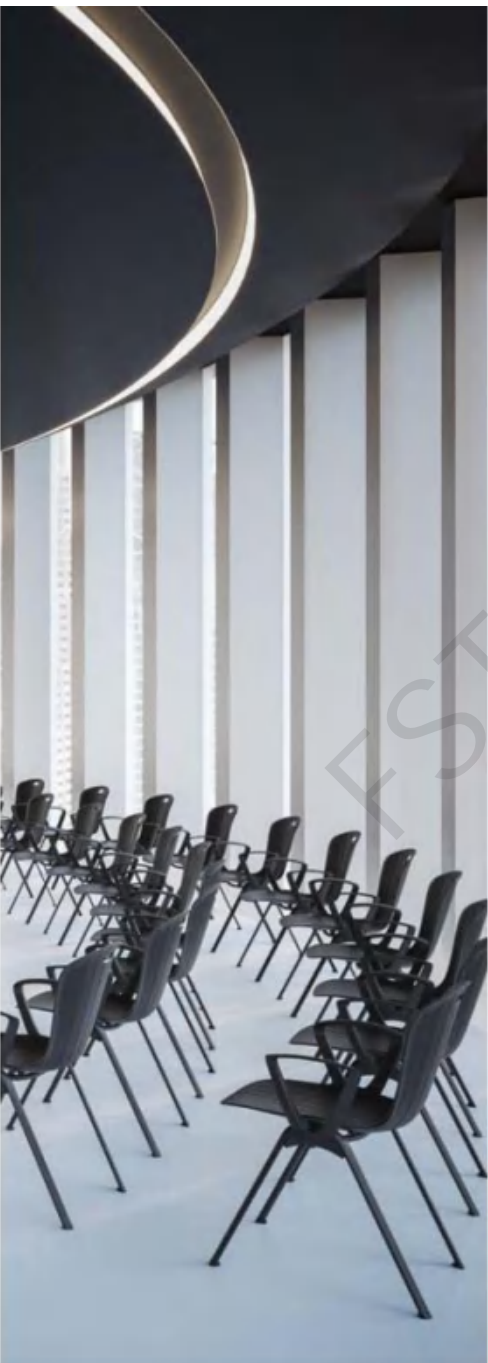

Contract

公共商业家具是专门设计用于公共场所的家具，例如酒店、餐厅、医院或机场等。考虑到每天与大量的人产生互动，产品的耐用性是一个重要的考量点。在汇誉，我们在设计培训坐具时同时也特别强调产品的强度、耐用性和稳定性。以下是一些推荐坐具，广泛适合于公共商业培训使用：

Contract furniture is furniture specially designed for its use in public spaces, such as hotels, restaurants, hospitals or airports. It is specially manufactured with durable materials, since it has to engage with large amounts of people everyday.

In HUY we take special care when designing contract training chairs, putting an emphasis on strength, durability and stability. We recommend you some of these alternatives, that were thought for these purposes.
